

DOGS & STORKS™

Preparing families with dogs for life with baby

The Dogs&Storks™ program helps families prepare for life with kids and dogs. Our program answers the many questions expecting parents have about preparing and including the family dog.

Dogs&Storks™ goal is to set families up for success, even before baby arrives. Education is the key, and planning ahead helps everyone feel more comfortable as the family grows.

Now being offered as part of
WSNM's childbirth education
program!

Both expecting families and those with children under age 1 are welcome. Please leave your four legged friends at home.

Questions? Call Colleen, Licensed Family Paws Parent Educator at (978)855-3806 and visit www.familypaws.com
