

How to Order a Breast Pump:

For Presbyterian patients use HME:

Go to hmespecialists.com/breast-pumps/

Or call (505)888-6500

For all other patients use Edgepark:

Go to edgepark.com

→ menu

→ Breast pump

→ Breast pumps and supplies

Or call (855)504-2099

Either vendor will complete the required prior authorization with your insurance carrier on your behalf.

Once the order is placed, they will fax your request to WSNM. Your provider will sign the request and it will be faxed back finalizing the process. Your pump will be mailed to you in 7-10 business days.

You can order the pump at any time, but it is recommended to place the order around 30 weeks.
